

## Introduction of Chemical and Petroleum Engineering Training Courses by Esi

Engineering Science Institute for Training (Esi) is pleased to announce that it is introducing with immediate effect very important, useful and job oriented Training Courses in Chemical and Petroleum Engineering and the courses are:

Esi Code	Course Title	Duration (Days)
CPE-191	Petroleum Refining Technologies	5
CPE-192	Clean Fuels and Their Production Processes	3
CPE-193	Refining and Petrochemical Integration	3
CPE-194	Catalyst Development and Scale-up	3
CPE-195	Hydrogen Management in Refineries	3
CPE-196	Hydrotreating and Hydrocracking Processes	3
CPE-197	Chemical Engineering for Non-Chemical Engineers	5
CPE-198	Global Petrochemical Industry	3
CPE-199	Advanced Process Control in Refining and Petrochemical Industry	3
CPE-200	Process Measurement, Instrumentation & Process Control	5
CPE-201	Polymer production and processing	3

For Registration of the Courses, please visit Website: [www.esi.edu.sa](http://www.esi.edu.sa) or contact at [info@esi.edu.sa](mailto:info@esi.edu.sa)
