Esi Code	Course Title	Duration
GWE-951	Geology and Hydrogeology of Saudi Arabia	5 Days
GWE-952	Hydrogeology and Groundwater Resources of Saudi Arabia	3 Days
GWE-953	Hydrogeology and Aquifers of Saudi Arabia	3 Days
GWE-954	Aquifer Testing, Analysis and interpretation for Geoscientists and Engineers	3 Days
GWE-955	Groundwater Chemistry for Geoscientists and Engineers	3 Days
GWE-956	Advanced Groundwater Chemistry	5 days
GWE-957	Groundwater Contamination and Remediation	5 Days
GWE-958	Data Processing for Groundwater Studies	3 Days
GWE-959	Geology for Non-Geologists with special emphasis on Geology of Saudi Arabia	3 Days

### Salient Points of the Geosciences, Water and Environment Training Courses

- Esi shall conduct the above Trainings by highly qualified and well experienced trainers, therefore, quality of them will be as per the international standards.
- These courses are applied and job-oriented. They are useful for career development.
- The Training Kits provided by Esi are inclusive of Training Manual, Worksheets, Handouts, Stationary, etc. (hard & soft PDF copies). The Kits, particularly Training Manuals, shall serve the trainees as a guide for instant reference in future.
- Upon completion of the course, each trainee shall receive a Certificate duly endorsed by Saudi Arabia’s Technical Vocational Training Corporation (TVTC).
- The courses’ schedule shall be announced shortly.
- For registration and booking the courses & Corporate Training, please contact us at:
